

## Platon Day/Night Mode Setup Steps

1)

- Enter Dialplan module under "PBX" section
- 2) Choose "mainline\_switch" in "DialPlan Group" (located on top of screen)

DialPlan Group:	default 💌	
(Add Dial Rule)	Please Select default	vitch)
Dial Rule	mainline_day	
*01	mainline_night	
*=>>>>	mainline_switch	
*5XXXX	mainline_typhoon	
*8XXXX		
*00	Echo Tost	

3) Click on "Day / Night Mode Switch"

DialPlan Group:	mainline_switch -
(Add Dial Rule)	(Day / Night Mode Switch)
Dial Rule	Description

Dav/N

- 4) In "Switch to:" option, select the appropriate mode:
  - default: NOT Used
  - mainline\_day : Normal Operation mode
  - mainline\_night : Night Mode
  - mainline\_typhoon: Typhoon Mode
  - pstn: NOT Used
